

For the LORD thy GOD
bringeth thee into a good land
a land of brooks of water,
of fountains and depths that
spring out of valleys and hills;
A land of wheat, and barley,
and vines, and fig trees,
and pomegranates;
a land of oil olive, and honey;
A land wherein thou shalt eat bread
without scarceness thou shalt not
lack anything in it; a land
whose stones are iron, and out
of whose hills thou mayest
dig brass.

THE
FORTY-EIGHTH ANNUAL REPORT
OF THE
TOWN OF MILLIS
FOR THE
Fiscal Year Ending December '31, 1932

MILLIS, MASS.
PRINTED BY MILLIS PRESS, PLAIN STREET
1933

**RECORDS OF THE ANNUAL TOWN MEETING
HELD IN THE HIGH SCHOOL AUDITORIUM,
MILLIS, MASS., MONDAY EVENING, FEB. 8, 1932**

Meeting called to order by Moderator Rudolph F. King, at 7.40 P. M., when the Town Warrant was read calling for the Annual Town Election to be held in Grange Hall, Millis, polls to be opened at 6.15 A. M. and may close at 2.40 P. M., also that the Annual Town Business Meeting to be held in the School Auditorium at 7.30 P. M., Monday, February 8, 1932.

Article 1.—To choose a Moderator for one year, a Town Clerk for one year, a Town Treasurer for one year, two Constables for one year, one Selectman for three years, one Selectman for one year, one Overseer of the Poor for three years, one Assessor for three years, one School Committeeman for three years, one Trustee of Public Library for three years, one Cemetery Commissioner for three years, one Park Commissioner for three years, one Sewer Commissioner for three years, one Tax Collector for one year, one Water Commissioner for three years, one Tree Warden for one year. All the above to be on one ballot.

Special Town Warrant was read as follows:

"To see if the Town will install three electric lights on Acorn Street between the residence of Morris Yellen and the residence of Nicholas Sobol, or act in any manner relating thereto."

Town Clerk Lloyd C. King read results of Town Election and the Moderator declared the various officers elected for their respective terms.

Art. 2—To hear and act on the reports of Town Officers and Committees.

In order to expedite the work of the evening it was VOTED that we take up the reports of the various town officers as a whole, there being no questions on any one report.

VOTED that the reports of Town Officers and Committees be accepted as printed in the Annual Town Report for 1931.

ART. 3.—To see if the Town will appropriate the sum of \$3,000.00 for the maintenance of law and order, or act in any manner relating thereto.

At this time the Finance Committee explained that in making their recommendations they had taken into consideration the general economical depression and had cut town expenses wherever advisable with the exception of "Highways and Bridges" under which heading town labor could be employed.

Finance Committee recommended the sum of \$3 000.00 be appropriated for Law and Order.

Motion made that \$3,000.00 be appropriated for the maintenance of law and order.

Amendment offered that the motion read \$4,500.00 instead of \$3,000.00 and that the Selectmen be instructed to employ an additional patrolman in order that we may have twenty-four hours service.

Amendment LOST.

VOTED that the sum of \$3,000.00 be appropriated for the maintenance of Law and Order.

Four tellers appointed by the Moderator as follows: Moses Wasserman, Frank P. Congdon, Warner H. Holbrook, George Cassidy.

Art. 4.—To see what disposition the Town will make of money refunded by the County on account of dog licenses.

VOTED that the money refunded by the County on account of dog licenses be turned over to the Public Library for its use.

Art. 5. To appropriate money for all necessary town expenses, including a sum sufficient so pay all town officers' salaries.

VOTED individually to appropriate money for necessary town expenses itemized as follows:

School Department	\$36,700.00
Salaries of School Committee	150.00
Removal of snow	2,000.00
Public Library, together with income from the Woolvett Fund	200.00
Public Welfare	3,400.00

of new pump, fittings, etc.

Under caption of "Public Library"

Amendment offered to increase the appropriation from \$200.00 to \$300.00 in order that the Library might be open Sunday afternoons and evenings, but after an explanation that there was already sufficient funds available, the motion was withdrawn.

"Street Lights,"—see VOTE under Article 27.

"Cemetery Commissioners"—Voted that the sum of \$650.00 instead of \$150.00 be appropriated for use of the Cemetery Commissioners which amount would include \$500.00 accumulated interest.

"Sewer Beds"—Motion to appropriate \$450.00 for maintenance of Sewer Beds was *amended* to read \$600.00 and it was so VOTED. This was in order that the necessary repairs might be made to the sedimentation tanks.

Art. 6.—To see if the Town will appropriate the sum of \$300.00 towards the support of the District Nurse, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$300.00 towards the support of the District Nurse.

Informal vote taken that a Committee of five be appointed to investigate the advisability of employing a nurse to give all her time, part to Millis schools and part to Town as District Nurse: this Committee to report at a future Town Meeting, and this Committee to consist of one member of the Board of Health, one member of the School Committee, one member of the Warrant Committee, two members of the Nurse's Association of the Town of Millis, these members to be selected by the various Boards thus represented.

Art. 7.—To see if the Town will appropriate a sum of money for the Tree Department, or act in any manner relating thereto.

VOTED that the sum of \$500.00 be appropriated for the use of the Tree Department.

Art. 8.—To see if the Town will vote to appropriate a sum of money for the use of the Board of Health, or act in any manner relating thereto.

VOTED that the sum of \$1,000.00 be appropriated for the use of the Board of Health.

Art. 9.—To see if the Town will vote to appropriate a sum of money for special repairs on such streets as are selected by the Massachusetts Highway Commission acting in conjunction with the State and County, or act in any manner relating thereto.

The Finance Committee explained that this year the County was only offering \$1,000.00 for the assistance in road construction; therefore, it was recommended and VOTED that the Town appropriate the sum of \$1,000.00 for special repairs on such streets as are selected by the Massachusetts Highway Commission, acting in conjunction with the State and County.

Art. 10.—To see if the Town will vote to appropriate the sum of \$347.55, said sum being the portion of the expense incurred and apportioned by the County Commissioners for the care and maintenance of the Norfolk County Hospital, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$347.55, said sum being the portion of expense incurred and apportioned by the County Commissioners for the care and maintenance of the Norfolk County Hospital.

Art. 11.—To see if the Town will vote to appropriate the sum of \$1,414.00 for the suppression of the Gypsy and Brown Tail Moth and Elm Leaf Beetle, or act in any manner relating thereto.

VOTED that the sum of \$500.00 be appropriated for the suppression of Gypsy and Brown Tail Moth and Elm Leaf Beetle.

Art. 12.—To see if the Town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

VOTED that the sum of \$500.00 be appropriated for Memorial Day and that the Moderator appoint the next day Memorial Day Committee.

Art. 13 -- To see if the Town will accept the Lyman Adams Cemetery Trust Fund, or act in any manner relating thereto.

VOTED that the Town do accept the Lyman Adams Cemetery Trust Fund.

Art. 14. To see if the Town will vote to replace three electric lights on Exchange Street, between railroad station and Main Street, and one electric light at corner of Main and Exchange Streets, with lights of 1000 candle power, and appropriate money for same, or act in any manner relating thereto.

Voted to dismiss the Article.

Art. 15. To see if the town will vote to appropriate the sum of \$150.00 for the George Washington Bicentennial Celebration, or act in any manner relating thereto.

VOTED to dismiss this Article as the matter could easily be taken care of by the Schools and Churches.

Art. 16. To see if the town will authorize the Selectmen to pay land damages on Exchange Street as authorized by the County Commissioners, or act in any manner relating thereto.

VOTED that the sum of \$178.50 be appropriated to pay land damages on Exchange Street, as authorized by the County Commissioners.

Art. 17. -- To see if the Town will authorize the Selectmen to pay land damages on new way as authorized by the County Commissioners, or act in any manner relating thereto.

VOTED to lay this Article on the table for the time being.

Art. 18. To see if the Town will authorize the Selectmen to pay land damages on Orchard Street as authorized by the County Commissioners, or act in any manner relating thereto.

VOTED that the sum of \$2,050.00 be appropriated to pay land damages on Orchard Street as authorized by the County Commissioners.

Art. 19.—To see what disposition the Town will make of the Adams Schoolhouse, appropriate money for the same or act in any manner relating thereto.

VOTED to take up Article 21 with Article 19.

Art. 21.—To see what disposition the Town will make of the Ellis Schoolhouse, appropriate money for the same, or act in any manner relating thereto.

VOTED that the Moderator appoint a Committee of five to study the subject of disposing of the Adams and Ellis Schoolhouses and report at the next Town Meeting.

Art. 20. To see if the town will appropriate \$300. to provide Post quarters for Millis Post 208, The American Legion (as provided under General Laws, Chapter 40, Section 9, as amended by Acts of 1923, Chapter 122), or act in any manner relating thereto.

VOTED that the sum of \$300.00 be appropriated to provide Post quarters for Millis Post 208, The American Legion (as provided under General Laws, Chapter 40, Section 9, as amended by Acts of 1923, Chapter 122).

VOTED that Article 17 be taken from the table.

VOTED to dismiss Article 17.

Art. 22. To see if the town will vote to appropriate a sum of money to purchase a Fire Truck, and that an amount to meet the requirements of the law be taken from this year's levy and that the Treasurer, with the approval of the Selectmen be authorized to issue notes for the balance payable in accordance with the provisions of Chapter 44 of the General Laws which relate to loans issued for Department Equipment and that a Committee of five be appointed by the Moderator to include the Fire Engineers to purchase such equipment, or act in any manner relating thereto.

VOTED to dismiss the Article.

Art. 23. To see if the town will take, by eminent domain, land on the West side of Island Street, for a Town Dump, appropriate money, or act in any manner relating thereto.

VOTED that the Selectmen be authorized to purchase at the expense not to exceed \$100.00 land for dump purposes on the South side of Island Street.

Art. 24.—To see if the town will vote to appropriate the sum of \$100.00 to be used to reimburse Paul Paloski for amount advanced by him to finish cement sidewalk on Main Street.

VOTED that the sum of \$100.00 be appropriated to reimburse Paul Paloski for amount advanced by him to finish cement sidewalk on Main Street.

Art. 25.—To see if the Town will vote to appropriate the following sums of money to be used for the payment of unpaid bills contracted by the various departments in 1931:

Park, \$283.65 Fire, \$1,105.57 Assessors, \$21.00

VOTED that the sum of \$283.65 be appropriated for unpaid bills of the Park Department; \$1,105.57 for unpaid bills of the Fire Department, and \$21.00 for unpaid bills of the Assessors.

Art. 26.—To see if the Town will vote to appropriate a sum of money to be used for paying Town Attorney in defense of R. Segal, Edwin C. Jenny, and John H. Blanchard law suit, or act in any manner relating thereto.

VOTED that the sum of \$41.50 be appropriated to pay Attorney bill on the R. Segal case.

Art. 27.—To see if the Town will vote to install electric lights on any of the following locations:

Corner of Ridge and Orchard Streets
Junction of Dover and Main Streets
Corner of Village and Forest Road
High Street near house of Clovis Duhamel
Plain Street near house of James W. Proe
Village Street near house of Harold A. Stone
Pleasant Street near house of Joseph Clancy
Village Street near house of Joseph Mael
Adams Street near house of John P. Olson
Main Street near house of Walter A. Watson
Corner of Acorn and Spencer Street

Spencer Street near house of Thomas J. Toner
McCabe Avenue near house of Edmund Clark

Finance Committee made a MOTION that Art. 27 be dismissed.

By rising count "No" 62, "Yes" 41, VOTED not to dismiss the Article.

Suggestion made that the "Special Warrant" be taken up in conjunction with Article 27, but in the wisdom of the Moderator the "Special Warrant" was not in order and it was so ruled.

Motion that Article 27 be laid on the table indefinitely.

By rising count "No" 69, "Yes" 57, it was VOTED not to lay the Article on the table indefinitely.

Motion that the Town install electric lights as listed under this Article and appropriate \$2000 for same.

Moderator stated that as no provision under the Article was made for appropriating money, the motion was ruled out of order.

VOTED that the Town install electric lights on the following locations:

Corner of Ridge and Orchard Streets
Junction of Dover and Main Streets
Corner of Village and Forest Road
High Street near house of Louis Duhamel
Plain Street near house of James W. Price
Village Street near house of Harold A. Stone
Pleasant Street near house of Joseph Clancy
Village Street near house of Joseph MacL
Albans Street near house of John P. Olson
Main Street near house of Walter A. Watson
Corner of Acorn and Spencer Street
Spencer Street near house of Thomas J. Toner
McCabe Avenue near house of Edmund Clark

VOTED to reconsider Article 5.

VOTED to rescind vote taken under Article 5 "Street Lights" to appropriate \$2,150.00.

VOTED that the sum of \$2,350.00 be appropriated for Street Lights.

Art. 28 To see if the Town will vote to appropriate the sum of \$50.00 to be used for installation of a spot light on Main Street in front of School Building.

VOTED that the sum of \$50.00 be appropriated for the installation of a spot light on Main Street in front of the School Building.

Art. 29.—To see if the Town will vote to accept the gift tendered by Mr. E. F. Richardson; said gift to consist of ten acres of land, more or less, lying West of the Town Cemetery and said land to be used for cemetery purposes in accordance with plan submitted by Town Engineer and Selectmen with such conditions as are found in the offer made by Mr. Richardson, or take any action relating thereto.

VOTED that the Town do accept the gift tendered by Mr. E. F. Richardson, said gift to consist of ten acres of land more or less, lying West of the Town Cemetery and said land to be used for Cemetery purposes in accordance with plan submitted by Town Engineer and Selectmen with such conditions as are found in the offer made by Mr. Richardson.

Art. 30.—To see if the Town will vote to accept the following to be added and made a part of the Town By-Law;

A board of five members is hereby established to be known as the Planning Board. The terms of members shall be three years, but at the Annual Town Meeting to be held in the month of February, 1933, there shall be elected two members to serve for one year, two members to serve for two years, and one member to serve for three years, and thereafter there shall be elected at the Annual Meeting in each year such members as are necessary to fill vacancies.

VOTED That the Town accept the following to be added and made a part of the Town By-Law:

"A Board of five members is hereby established to be known as the Planning Board. The terms of members

shall be three years, but at the Annual Town Meeting to be held in the month of February, 1933, there shall be elected two members to serve for one year, two members to serve for two years, and one member to serve for three years, and thereafter there shall be elected at the Annual Meeting in each year such members as are necessary to fill vacancies."

Art. 31.—To see if the Town will vote to authorize the Moderator to appoint a committee of five to act as a Planning Board until the Annual Town Meeting of 1933, or at any other manner relating thereto.

VOTED that the Moderator appoint a committee of five to act as a Planning Board until the Annual Town Meeting of 1933.

Art. 32.—To see if the Town will vote to establish a Road Machinery Account, to which shall be credited all receipts received for the use or rental of road machinery, the proceeds to be appropriated as voted by the Town for road machinery purposes, or act in any manner relating thereto.

VOTED that the Town establish a Road Machinery Account to which shall be credited all receipts received for the use or rental of Road Machinery, the proceeds to be appropriated as voted by the Town for Road Machinery purposes.

Art. 33.—To see if the Town will vote to appropriate the sum of \$1,000.00 for improvements in the Town Parks, or act in any manner relating thereto.

VOTED that the sum of \$2,000.00 be appropriated for Park purposes.

Art. 34.—To see if the Town will vote to appropriate sum of money to establish a Road Machinery Fund for the purpose of purchasing, repairing and operating Road Machinery.

VOTED that the sum of \$1,000.00 be appropriated to establish a Road Machinery Fund for the purpose of purchasing, repairing and operating road machinery.

Art. 35.—To see if the Town will vote to authorize the Board of Water Commissioners to appoint their own Water Registrar, or act in any manner relating thereto.

VOTED that the Town authorize the Board of Water Commissioners to appoint their own Water Registrar.

Art. 36.—To see if the Town will vote to authorize the Water Commissioners to use a part of the unexpended balance of the appropriation voted on Farm and Cedar Streets to purchase a piece of property on Farm Street to be used as a future site for the erection of a new standpipe, or act in any manner relating thereto.

After discussion it was VOTED to dismiss the Article.

Art. 37.—To see if the Town will vote to extend the water service on Village Street from the Brewer Estate to the residence of T. J. McCarthy, or act in any manner relating thereto.

VOTED to dismiss the Article.

Art. 38. To see if the Town will vote to extend the water service on Village Street between the residence of Hartwell K. Johnson and the residence of Anthony DeAngelis, or act in any manner relating thereto.

VOTED to dismiss the Article.

Art. 39.—To see if the Town will vote to appropriate a sum of money to repair Acorn Street, or act in any manner relating thereto.

VOTED to dismiss the Article.

Art. 40.—To see if the Town will vote to build a four-foot cement sidewalk on Main Street from the junction at Main and Exchange Street to the Plain Street and appropriate money for this purpose, or act in any manner relating thereto.

By rising count "Yes" 116; "No" 13, it was VOTED that the sum of \$1,100.00 be appropriated for the construction of a four-foot cement sidewalk on Main Street from the junction of Main and Exchange Streets to Plain Street—on the North side of Main Street.

After discussing Article 6, Section 2, of the Town By-Laws it was VOTED to rescind the motion just carried under

Article 40, as was the wish of the people that the sidewalk be built by town labor rather than let the work out by contract.

VOTED that the sum of \$200.00 be appropriated for the construction of a four-foot cement sidewalk on the North side of Main Street from the junction of Main and Exchange Streets toward Plain Street as far as possible.

Motion ruled out of order that an additional appropriation be made of \$110.00.

Art. 41.—To see if the Town will appropriate the sum of \$2,000.00 under General Laws, Chapter 118-A, Chapter 42, Acts of 1930 (Old Age Pension) or act in any manner relating thereto.

VOTED that the sum of \$2,000.00 be appropriated under General Laws, Chapter 118-A, Chapter 42, Acts of 1930 (Old Age Pension).

Art. 42.—To see if the Town will vote to authorize the Assessors to use the free cash balance in the Treasury January 1, 1932 in making up their tax rate, or act in any manner relating thereto.

VOTED that the Assessors be authorized to use the free cash balance in the Treasury January 1, 1932, in making up their tax rate, amounting to \$5,347.92.

Art. 43.—To see if the Town will vote to transfer cash balances from various departments into General Cash or act in any manner relating thereto.

VOTED to transfer cash balances from various departments into General Cash.

Art. 44.—That the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning January 1, 1932, and to issue a note or notes therefor payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

VOTED that the Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning January 1, 1933, and to issue a note or notes

therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

Art. 45.—To grant money appropriated in the foregoing articles.

VOTED that the Town grant the sum of \$114,251.42 as appropriated in the foregoing articles.

Mr. Evan F. Richardson made an informal motion and it was VOTED that the Board of Health see that only milk sold in Millis shall be from Tuberculin Tested cows under State and Federal supervision, and such other regulations as shall keep out old and stale milk.

Town Treasurer, Mr. Herbert H. Thorne, brought to the attention of the meeting Article 8, Section 8 of the Town By-Laws, stating that he was not in possession of a complete list of insurance policies held by the Town.

At the recommendation of Mr. Rudolph F. King, it was VOTED that the present Millis School Building Committee be held over until the next Annual Town Meeting.

VOTED to adjourn.

Minutes taken and typed by

M. A. Wade.

On this eighteenth day of November 1932, we the Clerks of the several towns in the Twelfth Norfolk Representative District assembled in Town Hall, Medfield, at 12 o'clock M. to compare transcript of the votes cast in the several towns on November 8, 1932 for our Representative to the General Court for 1932-33, and we find that Harold G. Sackett of Bellingham has received the largest number of votes, and papers in duplicate have been issued and forwarded as by law directed.

The Commonwealth of Massachusetts
Office of the Secretary
Boston,

FREDERIC W. COOK
Secretary

November 30, 1932

To City and Town Clerks and Election Commissioners:

WHEREAS, - petitions have been filed with the State Secretary in the interest of Gaspar G. Bacon of Boston, Republican, and of John E. Swift of Milford Democratic, candidates for the office of Lieutenant-Governor, - and in the interest of John F. Buckley of Boston Democratic and of Frederic W. Cook of Somerville, Republican, candidates for the office of Secretary, - for state wide recounts of ballots cast at the election held November 8, 1932, for the offices of Lieutenant Governor and Secretary, under the provisions of General Laws, Chapter 54, Section 115 as amended, and

WHEREAS, after the official tabulation of votes by the Governor and Council it appears that the difference in the number of votes cast for the two leading candidates for each of said offices of Lieutenant Governor and Secretary is less than one percent of the total number of votes cast for such offices;

THEREFORE it becomes my duty to, and I do hereby, order the clerk of each city and town of the Commonwealth to transmit forthwith, and said clerk shall so transmit, the envelopes containing the ballots, sealed except in the case of those containing ballots which have already been recounted in respect to said offices, to the registrars of the city or town who shall, without unnecessary delay, open the envelopes, recount the ballots cast for said offices and determine the questions raised.

FREDERIC W. COOK, Secretary.

Read Carefully

The new ruling of the Department of Vital Statistics requires that Physicians and Midwives shall within 48 hours give notice to the Town Clerk with such data as may be procured at the time regardless of child's name if not known.

Parents shall give notice, with such other data as may be necessary, within 15 days from the date of birth. Do not depend upon the Physicians or Hospitals, but be sure yourself that the Town Clerk is notified of the birth.

A fine of twenty-five dollars may be imposed for wilful neglect in complying with the above rules.

The Town Clerk is required to record the exact date of return and to report all violations or neglect in making such reports.

Blanks will be furnished on application to the Town Clerk.

REPORT OF FIRE ENGINEERS

Board of Selectmen and Citizens:

Presenting this Annual Report of Fire Department for the year ending December 31st, 1932, I am enclosing a list of calls answered during this period.

There were sixty-seven (67) calls classified as follows:

Millis Company separately, forty-one	41
Rockville Company separately, fourteen	14
Both Companies, same alarms, twelve	12

We responded to outside aid eight (8) times, as follows:

Medfield four (4)	Medway one (1)
Norfolk two (2)	Sherborn one (1)

We received aid twice, from Medfield and Medway, each once. The weather conditions have been favorable for very few forest fires this past year. This has been offset, however, by the starting of several serious building fires, which have kept the average numbers up.

The pump on Maxim truck has been thoroughly overhauled at Maxim Factory last August, thereby keeping it in first-class order. All of your four trucks are in good order ready for service, also the Gupitill Portable Pump and equipment for Forest Fire work.

The Gamewell Fire Alarm System is in good condition and working efficiently.

It has been the custom to buy about five hundred (500) feet of 2½ in. hose each season, until last year we agreed not to do so that particular year, therefore, now I find an immediate need by both companies for new hose to replace older hose unfit for service, to keep trucks loaded to the capacity we really need to reach fires with.

I ask that you purchase one thousand (1,000) feet 2½ in. hose this coming year as soon as possible.

Of the three brush fires this year, of Railroad origin, checks amounting to thirty-eight dollars (\$38.00) were received by your Town Treasurer, thereby paying these items.

Realizing, as you all do that the depression is with us, it remains of prime importance under these conditions that your Fire Department be kept up to its present standard at least. In view of these facts I am not going to ask you for anything but necessary articles or expenses the coming year.

The regular appropriation of Three Thousand Dollars (\$3,000.00) I ask as usual to maintain Department.

I wish to take this opportunity to thank you all for the fine spirit of co-operation that the Department and I have received this past year.

Yours truly,

DELMONT C. ADAMS

Fire Chief.

Forest Warden.

December 31st, 1932

Quantity Stops	58 "
Yard Measures	1 "
Vehicles Tank	1 "

Total Sealing Fees and Adjusting Charges \$18.61

Respectfully submitted,

SOLON J. HUTCHINS, Sealer.

REPORT OF THE TREE WARDEN.

The brush was cut on the roadsides over about one-half of the Town this year. All brush cut was cleaned up by the town trucks which helped keep the cost down so we could cover more ground on the cutting. These roads that have been cut every year for the last three or four years give a much better appearance to people passing through.

I did not set out any maples this year as I felt that with the appropriation available it was better to try and take care of the trees we already have as well as possible.

Respectfully submitted,

LLOYD C. KING,

Tree Warden.

REPORT OF SEWER COMMISSIONERS

The regular maintenance work necessary was done as usual this year, also the repairing of one of the sedimentation tanks and the siphon chamber.

The work on the sedimentation tank was more of an undertaking than was anticipated and required the spending of more money than the appropriation. Conditions existed which could only be found out after work was started. Even though we exceeded our appropriation we felt that to be fair to the town and to ourselves this work should be completed in the right way. There is still one tank to be done at some future time but we are not asking for any money to do this work at this time.

Respectfully submitted,

EVAN F. RICHARDSON,

LLOYD C. KING,

C. E. SIMPSON,

Sewer Commissioners.

REPORT OF THE GYPSY MOTH DEPARTMENT

To the Honorable Board of Selectmen
and Citizens of Millis:

The Gypsy Moth infestation seems to be still increasing to some extent. The cutting of the usual appropriation caused some of the work to be left undone and this will show its effect in the future.

The Fall Webworm has been increasing very rapidly the last two years and if it continues something should be done to help hold them in check.

Respectfully submitted,

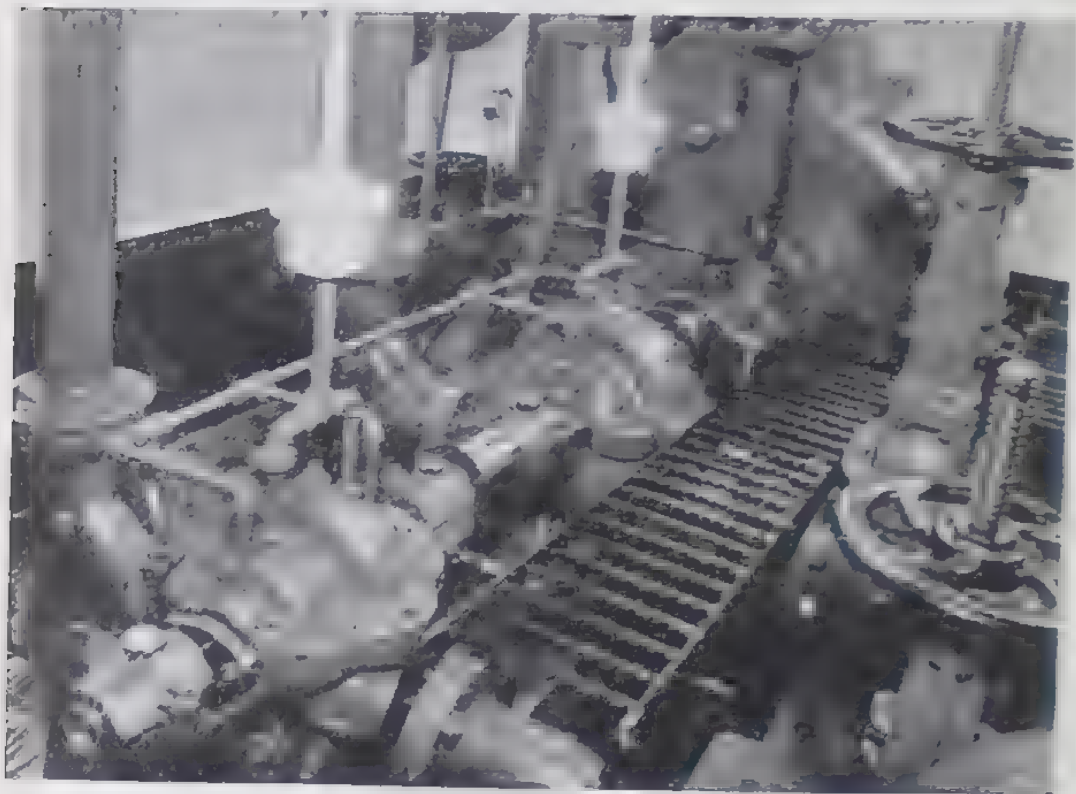

LLOYD C. KING,

Gypsy Moth Superintendent.

REPORT OF THE WATER COMMISSIONERS.

To the Citizens of Millis:

The Water Commissioners have tried to be as economical as possible so as to stay within the appropriation for the year. Considerable maintenance work on our lines was put off and our stock of supplies have been kept down as low as possible. We hope to be able to do some of this work next year, because if it is let go too long an emergency is bound to come which will mean the doing of this work in a hurry regardless of conditions.

NEW STEAM TURBINE

Our new pump is giving perfect satisfaction and we have received very favorable comment on it from people outside of our town.

The condition of our smoke stack at the Pumping Station is such that it will have to be renewed very soon, and also the water tank should be repainted to keep it in proper condition. One of these jobs should be done this next year.

The two water connections put in on Village Street through the cooperation of the Selectmen on work to help out the

unemployed has been a great improvement to the water systems. The town certainly received full value for all money spent on these two pieces of work.

The following is the amount of water pumped each month during the year 1932:

January,	4,517,000	July,	6,393,000
February,	3,856,000	August,	5,926,000
March,	4,475,000	September,	5,598,000
April,	4,347,000	October,	4,986,000
May,	4,427,000	November,	4,185,000
June,	4,857,000	December,	4,677,000

Respectfully submitted,

CHARLES LACROIX,

LLOYD C. KING,

W. HAROLD SIMPSON,

Water Commissioners.

Lloyd C. King, Water Registrar

in account with

The Town of Millis Water Department

Total Commitments for 1932	\$9,355.84
Total Receipts for 1932	8,364.67
Total Abatements for 1932	104.41

REPORT OF BOARD OF SELECTMEN.

To the Citizens of Millis:

The Board of Selectmen submit the following report for the year 1932.

Recognizing the unemployment situation which prevailed during the early part of 1932, we endeavored to lay out a program of work that would carry throughout the year keeping within the appropriations, obtaining the greatest benefits to the town, and at the same time distributing the work equitably amongst unemployed citizens. However, by late September unemployment had more than doubled, upsetting our plans, and it became necessary to call a Special Town Meeting to appropriate additional funds to relieve the situation.

The new cement sidewalk on Main Street between Exchange and Plain Streets was completed and an asphalt sidewalk built on the easterly side of Daniels Street. Both of these were urgently needed and have made a decided improvement. Many of the other sidewalks throughout the town were repaired.

Main Street was widened for a distance of approximately one mile. Farm Street was rebuilt for about one-half mile, and other streets which were partially rebuilt include Exchange, Pleasant, Spring, Plain, also Cole Avenue and Railroad Avenue. The outlying roads were repaired and put in good condition. Considerable attention was given to drainage and several new catch basins installed.

After some effort we were able to secure from the State and County their share of the expense in relocating the intersection at Pleasant and Village Streets and permission to have this work done by town labor rather than contract. While this work is not yet completed there is sufficient money available to finish it when weather conditions permit.

The connection of the two gaps in the Water Main on Village Street was completed this year. For sometime there has been an urgent demand for this extension so as to give that section of our town adequate water and fire protection.

We have received notice of intention to file suit against the town by party who claims he sustained leg injury while

walking on Village Street. No decision has yet been made in the Jenny Blanchard suit, which has been pending for some time.

Last year the County Commissioners suspended all allotments for new road construction and we have not yet been informed as to what they will do this year. However, we feel that no new road construction should be undertaken the coming year.

We fully appreciate the necessity for economy, and desire to assist and co-operate in every possible way to keep expenses down to such a level as will insure a reasonable tax rate.

Present conditions indicate that many of our citizens will have to be provided with either work or some form of relief during the coming year. We feel that appropriations during the coming year should be kept at a minimum consistent with efficient operation and so as not to cause a hardship on any of our citizens.

CHAS. A. SMITH,
PHILIP J. GAVIN,
J. CLARENCE THORNE,
Selectmen.

Boston, Mass., January 16, 1933.

Town of Millis, Millis, Mass.

Report of Committee on Adams Schoolhouse

Plans that were suggested for our consideration in reference to the Adams School Building were as follows: Rebuilding the first floor for the purpose of using part of it for additional fire equipment for the Fire Department and for making a part of it into a Library and Reading Room, repairing the second floor for a hearing room and suitable offices for the town offices and building a town vault on the outside of the building.

As these repairs and improvements would necessitate the expenditure of several thousand dollars in addition to install-

ing a new heating plant and suitable toilet arrangements it was felt by the Committee that the town is not in a position to spend money at the present time for such improvements and then after they were made we would still have a patched up building with an unattractive appearance and comparing unfavorably with the new school building opposite.

Due to the fact that this property has depreciated rapidly it is felt by the Committee it ought to be dismantled and removed, which, we believe, can be done with very little expense to the town, thus doing away with an unsightly building which is more or less of a fire hazard to the surrounding buildings.

FRANK J. LINDAHL,
WOODWORTH J. RICE,
FRANK J. PIPER, M. D.,
TIMOTHY J. McCARTHY,
EVAN F. RICHARDSON.

REPORT OF PARK COMMISSIONERS.

To the Board of Selectmen and
Citizens of Millis:

In making their Annual Report the Park Commissioners wish to call the attention of the citizens to the fact that the Town Park has been used more in the past year than in any previous year, it being used by the Millis Town Team for 35 games. Was used continually by the High School Teams from March to November, also being used for Field-days by the Chamber of Commerce, Pomona Grange and the Fire Department.

During the past year we had to build a new back stop for the Base Ball Diamond, we also set a forty foot Flag Pole in front of the Band Stand, besides doing considerable grading around the Band Stand. We removed several dead trees and cut out some underbrush.

There is quite a lot of expense in keeping up the Park, work that has to be done each year, such as painting the seats, mowing the grass, raking the grounds quite often on account of broken glass, paper, etc., upkeep of the diamond—which costs from \$50.00 to \$75.00 a season—Insurance and Electric Lights.

This year we are asking the Town for an appropriation of \$100.00, which, if the Town see fit to give us, will be spent to the best advantage for the people who use the Park.

HARRY M. SHANNON,
WILLIAM JUST,
LEMUEL CLARK,
Park Commissioners.

REPORT OF THE PLANNING BOARD FOR YEAR ENDING DEC. 31, 1932

Appropriation, \$50.00
Paid C. S. Bramman, \$50.00

We were enabled to secure the services of Mr. Bramman, who is one of the County Engineers in the office of Mr. Hartley White to compile the available data pertaining to an up-to-date Plan of the central portion of the Town to be added to from time to time until a full and complete map of the Town is made, which can be advantageously used by any and all the Departments of the Town. Owing to lack of funds this is not wholly complete. We had several meetings in connection with having a street numbering system established to conform to the requirements of the Post Office Department at Washington, D. C., for the purpose of having a Letter Carrier appointed for the central section of the Town, the above survey a necessary part of the numbering system. We attended a meeting of the Court Commissioners at Dedham and protested to the cutting down of the Elm Trees on Pleasant Street, Rockville Center, and as a result the Petition was dismissed and the Trees left undisturbed. The Board recommends an appropriation for the coming year to extend the survey.

As a result of the interest shown by the public of the entire country in the past few years regarding Municipal Planning, both the Federal and State Governments have appointed Commissions to investigate and make recommendations to the proper Legislative Bodies for Legislative action on those recommendations.

Respectfully submitted,

OSGOOD T. DEAN,
H. W. WHITING,
RICHARD K. THORNDIKE,
MICHAEL F. POWER,
JAMES W. PAYSON.

REPORT OF THE SCHOOL COMMITTEE

The School Committee have been gratified to note the increased interest in the school shown by parents and townspeople during the past year. Not only is everybody invited to co-operate in the work of the school, but all are urged to do so.

It is perhaps natural that as time goes on, for the school and its activities to be considered simply as a necessary town routine. Few realize the important and indispensable part the school plays in our social and economic life. That, to succeed, it must keep pace with our rapidly changing civilization standards, our greater needs to fit our growing children for life in the home, for business, for the professions, and for our very competitive and complicated vocational structure. We all accept these things without question for they are a part of our daily existence. But in our school they must be provided for in personnel, equipment and plan.

In proportion to its size, Millis offers just as much in quantity and efficiency as do the so-called city schools. The town can have every reason to be justly proud of its school and of the quality of the work turned out by its students from year to year and the accomplishments of its graduates. It is the constant aim of the committee to be ever alert in all these matters and to secure the best possible results in every activity.

The committee acknowledges with thanks the loyal support and co-operation from the townspeople and the supervisory and teaching staff of the school.

Parents are invited to consult with the school committee at any time or at its regular monthly meetings held at 7 P.M. on the last Saturday of the month.

Despite the increased enrollment, the largest in the school's whole history, the committee will endeavor to operate efficiently on a smaller budget for 1934. It frequently asks for an appropriation of \$4,000, of which about 20% is repaid the town by the State.

RUDOLPH F. KING, Chairman

RICHARD F. DOWNING, Financial Secretary

HARTWELL K. JOHNSON, Recording Secretary

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Millis:

My fourth report to you must first of all bear testimony to the faithful and cheerful co-operation of the entire school staff in the midst of a year of depression and unrest. The work of the pupils has gone forward steadily, not spectacularly, it has been a good school year, as will be clear from the included reports of Principal, supervisors, and others; these show the regular and special offerings of the schools and merit careful reading.

Since at present the financial problem is the main concern of parents, taxpayers, teachers, and (less directly but more immediately) pupils, that seems the most important for our consideration. The large increase in cost of public schools for the past fifty years (in Massachusetts since 1872 no year has seen decreased costs of education until the present one), and particularly since 1918, inevitably raises the question, why? Are these costs justified? Recent criticisms aimed especially at certain of our larger cities seem to imply that these costs, these increases, and these statements are true of all cities, in all towns. Implausible, however, is most emphatically not the case. Each town controls its own school system and determines largely what education it will provide for its own children; each should now study its own individual situation in total and relative costs, needs, and resources.

One of the most frequent complaints regarding public schools is of the "fads and fashions" introduced during recent years. On this score Millis is blameless. We do today actually do more than twenty years ago in the "former" line. Then we had German, Music, Penmanship, and Physical Culture supervisors, and Manual Training, Sewing, Weaving, and Basketry were taught. Even then most of these subjects were not new, for drawing had been required and had been put into Massachusetts schools in the early 80's—Music soon after.

Perhaps the most-discussed single cost is salaries. In 1912 our teachers' salaries totaled \$5,175. Today, it is true, they are four times as much. They are spread among nearly twice as many teachers, whose pupils have increased in all of exactly the same ratio. Then 10 teachers, each one day per week, at a tenth, taught 240 pupils; today 40 teach 440. Evidently teachers receive individually more now than then, but by no means four times as much. Before jumping to any conclusion as to the increase it should be considered in several ways.

Of the School Dollar 65 cents then went to teachers' salaries; today it is but 52 cents. Evidently the tax payer, fuel, and all else take slightly larger proportion of the school cost, or in

other words the purchasing power of the dollar has decreased in all lines and not more in salaries than elsewhere.

Looking at individual cases, Millis then paid in its High School to a Principal, one full-time and one half-time assistant teacher in total \$1,820, a year; this means that, as an average, each received a weekly wage of \$14.00 if it is considered that one lives 52 weeks a year. The elementary teachers had from \$10.50 to 13.00 per week for a school year of 34 weeks, an average of \$7.63 a week for the entire year. Clearly we are comparing present salaries with those when teaching was not a self-supporting job. Even for those days one would have to secure some other employment for part of the year or else go home to live on someone else. Who would wish to see teaching return to those standards? Today the requirement of four years of professional preparation following High School graduation is fast becoming compulsory and summers are often used for professional improvement when not actually needed for physical and nervous recuperation. Teachers are expected to be able to maintain themselves permanently on their salaries and employers will not now give them in summer the jobs so sorely needed by others. Careful reading of our list of teachers, showing the institutions from which they have graduated and further courses pursued evenings, Saturdays, summers, or in years when they have taken leave of absence at their own expense, will give eloquent support to these assertions; the years of fruitful, growing experience are not there specified.

Another reason for increased salaries is that pupils are staying longer in school. We have long urged High School graduation and it is becoming the expected thing, not the exceptional nor for pupils alone of larger means or greater aptitude for books. In the years about 1912 we were graduating 3, 5, or 7 instead of 20 or 24. This does not mean merely more pupils to teach, it means a greater range of subjects, more classes, fewer in each class, hence greater cost. It is today costing us \$10.67 per year to teach English to a High School pupil, since all take that subject; History costs \$12.66; Science, \$14.02; French, \$14.06; Mathematics, \$16.29; Commercial subjects, \$17.92; and Latin, \$19.95. The highest cost is not for a "fad" but for Latin—and who would be satisfied with a High School which offered no Latin? Commercial subjects are relatively high, yet the pupils themselves find them increasingly worth while and many would drop out of school if they were not provided. Vocational and trade courses, if we were to undertake them, would be the most expensive of all. Yet few of those who urge raising the age of compulsory school attendance above 16 years realize that the pupils thus forced to continue in school would not be the ones who could successfully pursue college-preparatory courses but that their tuition would increase the more expensive types of education.

Careful check-up of our relative school costs shows interesting and reassuring results. To run our schools costs us no more than 50 cents per pupil per day—less, also, than the average cost in towns of our classification or of the State as a whole, less, also, than most of our neighbors, excepting one or two which even so are more heavily taxed. In the apportionment of our costs among the various items of our budget the way we have distributed our School Dollar checks closely with the other.

Our situation compares favorably, too, with that of the State and Nation as announced in authoritative studies (Research Bulletin X, No. 5 of the National Education Association for November 1932). Costs of elementary and secondary education in the United States were 41% more as much in 1930 as in 1914, measured in dollars. Of this increase, 47% was due to depreciation of the dollar; 27% to increased attendance and longer continuance in school; and 24% to all other factors, including teachers' salaries, enlarged courses, and all improvements in educational service. Incidentally it is interesting to note that total costs of public schools were but 22% of the expenditure for passenger automobiles in the United States—or 23% in Massachusetts.

In short, from every point of view Milis has reason to be reassured that her schools have been conservatively and carefully administered for years past. To alter an old motto—"There never went up, cannot come down!" There have been no experiments, innovations, or extravagances and our citizens are striving earnestly to give their best service. We continue without sufficient furniture to accommodate the public at Town Meeting or Graduation in the new part of our building or to seat parents on public days in the old part. We are still not able to offer to some of our pupils the only kinds of courses which they are fitted to pursue. Further cuts, if continuance of the depression makes them necessary, must be made either at sacrifice of present essentials or of incentives which will continue to call out bettering positions recruits in the kind our pupils most have. With continuance of the loyal endeavors of our teachers and other helpers, the cordial support of our pupils, the interest and loyalty of our townspeople, and your own thorough and unremitting attention to the whole business of our schools we shall I am sure, hold fast and progress in the time of stress. For all hearty support and help I have continued to receive from all I remain profoundly grateful.

Respectfully submitted,

LYMAN R. ALLEN, Superintendent

REPORT OF THE PRINCIPAL

To the Superintendent of Schools of Millis:

The Millis Schools opened Wednesday, September 7, 1932, with the following enrollment:

	Boys	Girls	Total		
Post-grad.	1	2	3		
Grade 12	8	9	17	} Total Senior High School	75
Grade 11	9	14	23		
Grade 10	17	15	32		
Grade 9	20	17	37		
Grade 8	17	24	41	} Total Junior High School	115
Grade 7	22	15	37		
Grade 6	26	20	46		
Grade 5	18	14	32	} Total Elementary Grades	256
Grade 4	16	23	39		
Grade 3-4	11	13	24		
Grade 3	20	21	41		
Grade 2	9	24	33		
Grade 1	25	15	41		
	221	226	446	Total All Grades	446

Twelve members of the class graduated in June, 1931, and continuing their education as follows:

Helen Braun, Milford Hospital.
 Helen Callahan, Carney Hospital, South Boston.
 Nina Downing, one-half year, Post-graduate, Millis. Beginning Feb. 1, 1931, St. Elizabeth's Hospital, Brighton.
 Edith E. Eden, Massachusetts School of Art, Boston.
 Esther Hughes, Framingham Hospital.
 Marie MacInnes, Post-graduate, Millis.
 Eleanor McCarthy, Simmons College, Boston.
 Edith Novick, Boston University, Boston.
 Maurice Bearne, Northeastern University, Boston.
 David Congdon, Post-graduate, Dean Academy.
 Andrew Duhamel, Post-graduate, Millis.
 Leche Simpson, Burdett College, Boston.

Our extra-curricular activities during the past year have been as follows:

On November 16, 1931 the Musical Clubs of the High School, under the direction of Mrs. Florence Cole, presented a musical comedy entitled, "The Lucky Jade." This was on a par with musical play given in other years.

The Senior Dance was held on January 17, for the purpose of raising funds to help the Senior Class take a trip to Washington. The assistance of the parents, with Mr. Donnelly, Chairman of the Parents' Committee, made this enterprise a success.

The Senior Play of the class of 1932, "A Little Sister," directed by Miss Martinson, was presented on Friday, March 11.

The Annual Exhibition of school work was held on April 6 and 7. The building was open for the inspection of all the grades. While we were pleased to see so many people present on this occasion, we greatly wish that more parents and friends would visit also the regular school sessions and see the work as it goes on day by day.

Our Junior Prom and Senior Reception on Friday, May 1, was the first to be held in our own auditorium, and it was generally agreed that it was a very pretty affair. Most of the guests were townspeople, including a number of parents. It was a pleasure to the home that more parents will attend the school parties.

On April 15 the Senior Class started for Washington, returning on Wednesday, the 20th. This is the third year now that the Senior Class has taken this trip, and remained for a long length of time.

Athletic Night, June 17, was well attended. Boys and girls about to graduate who had participated in athletics the several years were recognized.

The George Washington Pageant, "Man, Water, and God," celebrating the bicentennial anniversary of the birth of George Washington, was held on June 21 and represented the work in history of the teacher and pupils. Each teacher had charge of a group. Owing to the number taking part, the pageant was rather elaborate of anything presented by the school for some years. We thank the parents for their help in making it such a success. Many of the costumes, however, were made at school by the girls themselves.

Our first Graduation in our own auditorium was held on Thursday, June 23, with 24 pupils graduating. The hall was filled to overflowing.

The Senior Play of the class of 1933, "A Handicapped Partner," under Miss Martinson's direction, was presented on December 11.

Christmas Exercises were held in the auditorium on Friday, December 23. The exercises this year were exceptionally good, including plays by the 7th and 8th grades under the direction of Miss Moran and Elmes, and a very pretty and original Christmas pageant, written by Mr. Flinn, and put on by the girls with the Girls Glee Club. We were pleased to see so many parents in attendance.

High School pupils, too, are interested in their studies at home. Parents and teachers should cooperate and encourage in which parents should do their part to see that the children

do at least two hours of home work, regularly and free from interruptions. If more parents assisted in this way failures in high school would be nearly eliminated and many pupils now just passing, with C and D records, would raise their standing, with the result that their school course would be more interesting to them and of more use to them later on.

Absence and tardiness, except in a few unavoidable cases, show lack of interest and are detrimental to the pupils' proper progress. Parents and teachers should co-operate to see that boys and girls are punctual in attendance.

We consider that it is inadvisable for pupils, after the 9th grade, taking the College Preparatory Course, to continue so doing if they do not bring their grades higher than C. This low grade, except in a few cases of much absence from sickness, usually results from lack of interest and attention to school work, or from lack of ability to master the subjects. Experience shows that such pupils have difficulty gaining admission to college, or, if admitted, fail to remain. It would seem a better use of time, effort and money for these pupils to take other courses offered in the curricula, more suited to their interests, in which they probably would do better work and which would be more profitable to them later on.

In Senior High School, pupils are classified in the school and seated in their home rooms according to the amount of work they have completed; that is, a pupil in the 9th grade, must pass successfully three solid subjects, or earn three credits, to become eligible for the 10th grade. In the 10th grade a pupil must have earned seven credits to become a Junior, and at the end of the Junior year, eleven credits to become a Senior. A Senior must have earned fifteen units in solid subjects, or sixteen and a half units if music, drawing and physical education are included, in order to graduate.

I wish to express my appreciation to you, to the School Committee, and to the teachers, who have helped in so many different ways aside from their regular class-room work. I thank Mr. McMahon and Mr. Young for their willingness and loyalty, and all others who have given assistance to the school during the past year.

Respectfully submitted,

CLYDE F. BROWN, Principal.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools of Millis:

The teaching outline for the music in our schools has changed but little during the past year as we are using the same text books we have had for some time. In Miss Horan's room (grades III-IV) we are without books but not without music. Almost every week the children themselves work out a simple tune to a familiar rhyme and copy it into their notebooks. A child sings the first line, making up the tune, which I write on the board; a second child sings the first line as it is written on the board and invents a tune for the second line, and so on to the end of the verse. Their melodies are in surprisingly good musical form and invariably appropriate for the poem to which they are set.

The Senior High School Girls' Glee Club last season presented an operetta, "The Lucky Jule." The affair was attractively performed, and increased our treasury sufficiently to permit us to purchase a cello and drum for the orchestra, also new music for the orchestra and glee club. The club was represented by nine girls at a recent meeting of the Hannah Adams Club in Medfield. Assisted by Miss Rosalie Clelland of Newtonville, during the girls sang eight numbers which were well appreciated. The comments on their work were encouraging and gratifying. The entire Glee Club has been invited to entertain the Women's Club in April.

The orchestra, which meets regularly each week for one period, is an enthusiastic if somewhat poorly balanced organization. We have almost as many trumpets as violins, carrying the wind section to almost completely eclipse the strings. If more time were available a wind ensemble could be developed as a separate group, then one or two trumpet could be used in the regular orchestra and better balance result. The outstanding difficulty in attaining good result is the lack of sufficient individual practice at home. Little progress can be made when no practicing is done between orchestra rehearsals, and in this point I am joined by the instrumental teachers, Mr. Thier and Mr. Hauck.

Plans are being laid for this season's operetta. While we hope to present something new and original this year, other activities may make this impossible to carry out. However with the usual cooperation of the student body and assistance of the faculty I feel sure the production will please and entertain the town-people.

Respectfully submitted,

ELINORE E. COLE

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent of Schools of Millis:

The really talented children in art are few and far between. Therefore art for the average child must be of such a practical

nature as to spread out over his everyday life and help him to see and appreciate the beauty around him. It can't help but create from the things about him something useful and attractive, and in these pinch-penny days, to make something out of nothing.

The Junior High school, for example, completely transformed their assembly Christmas tree with gold and red — all glass, scrap of silver paper, silver foil from candy bars, cardboard wrappings, bits of cardboard and string and paste, paper cuttings. They all served a common end — a Christmas tree.

The advanced art group made sketches of Christmas scenes, the best of which were enlarged to the size of stained glass windows made of wooden frames, black cardboard, and colored papers. Three panels were used as a background for the Glee Club's contribution to the Christmas assembly, a carol service entitled "The Little Wreath."

The exhibition of art work last spring was well attended and we are making all effort to make this year's showing even better and more varied.

The high school art classes are divided into three groups — Mechanical, Commercial, and Costume Design. The first two groups also include work in free-hand drawing, general design, and color.

The Junior high school art classes are studying room arrangements and house planning and will make models of their work.

We are making every effort to economize in art material, even more than other years, and the entire faculty is working in this matter. Smaller drawings, with no waste, and for small hands not used to obtain use less paper and paint and to use crayons, and for cutting patterns we use arithmetic paper instead of drawing paper.

The teachers do all they can to further the interests of art among the pupils and in every way cooperate with the art work, for which, I am truly grateful.

Respectfully Submitted,

FLINDERS E. GOLF

REPORT OF THE COOKING DEPARTMENT

To the Superintendent of Schools of Mills

It is with great pleasure that I submit a brief report about the year's work in the study of food.

In our food classes I endeavor to carry out the 4-H Club aims:

1. That each girl in the food classes may come to look upon her work in food as not just learning how to prepare and serve food dishes, but to appreciate the fact that food is a part of everyday living, and that good nutrition for all will help to add to her family's joys of living.

2. That each girl will gain a better knowledge for planning well-balanced, health-giving meals according to the program used.

3. That each girl may have a stronger appreciation of her home.

4. That the older girls may have a knowledge of buying foods.

Grades 7, 8 and 9 have fifty-seven girls who are pursuing our foods program. Each class meets for eighty minutes each week.

Grade seven works chiefly on breakfast foods, learns how to equip, arrange and care for a kitchen, prepares lunch boxes, and as a final test prepares and serves a breakfast at school to four persons.

Grade eight follows the luncheon program, prepares special holiday luncheons, learns to equip, arrange, and care for a dining room; one of their tests is to serve a luncheon to four guests.

Grade nine follows the dinner program, and in addition learns something about buying economically, feeding the sick, and preparing for parties; one of their tests is to plan, prepare and serve a dinner.

The exhibition of last spring certainly must have given the townspeople a splendid idea of how well my girls work and live up to the ideals set forth in this type of education.

I wish to have our principal, superintendent, school committee, and townspeople accept our keen interest and enthusiasm in this work as our **thank you** for everything that we owe to them for our ever-increasing achievements.

Respectfully submitted,

KATHERINE B. EHNES.

REPORT OF THE SUPERVISORS OF SEWING

To the Superintendent of Schools of Millis:

The aims for this year's clothing clubs are the same as outlined in the reports for 1931-1932.

During the period of time from January to June, 1932, forty-one girls were enrolled in Grades V-VI. Each group devoted two periods a week to sewing. While the girls had sewing, Edith Novick, who was then a senior, very obligingly taught the boys penmanship in their home rooms.

Each group did some very fine work as was evident during the exhibition. There also were awarded prize by Miss Catherine

Cook, the Norfolk County Extension Clothing Club Leader.

Program I

Rose Colello — First Prize

Dorothy Brodeur — First Prize

Sophi Niemozyk — Second Prize

Evelyn Brodeur — Second Prize

Doris Olson — Third Prize

Program II

Carlene White — First Prize

Freda Beatty — Second Prize

Mildred Mael — Third Prize

Because exhibition was held earlier last Spring, some of the projects were incomplete at the time but were finished by the end of the school year and a good showing was made by the Millis girls at the annual exhibition held at Wakefield, Mass. Four girls entered the display contest. They were Niemozyk and Phyllis Rose from Grade V and Violet Lundberg and Bertha Pind from Grade VI.

This year, due to the fact that there was no one available during school time to take charge of the program, we managed to have the club meet after school. The attendance was smaller than last year because many of the boys and girls could not stay to attend meetings.

As membership in the club is increasing this year, the girls are showing much interest in the work.

Respectfully submitted,

M. MURIEL COLE

SARAH N. N.

REPORT OF THE ATHLETIC DIRECTOR

To the Superintendent of Schools of Boston.

The Athletic program at Millis High School the past year was planned with the idea of giving the boys and girls an opportunity of playing in the various sports.

Football this fall was a little more successful than the previous year, but considering the fact that nine boys graduated who were regular members of the Eleven, presented a considerable problem. However, two games were won and six lost. About thirty boys were carried on the squad each week, proper equipment. Every game saw most of the squad taking part. Football

again favored Millis High, in that there were no serious injuries. Looking forward to next year I feel that Millis should again come into its own. Only four boys are to be lost from the squad by graduation and only two of these are first-team men.

Last winter Millis High School boys' and girls' basketball teams played their games in the new Gymnasium-Auditorium. Interest in basketball was gratifying for both boys and girls. They played hard schedules and each held its own very well against teams of equal competitive strength. Although the floor was not ready for use until about January 10 from then on both the boys and girls made constant use of it. A huge net was purchased and put up along the two sides and the stage end of the Auditorium. This kept the basketball from hitting the walls, stage, and windows. Miss Wilma Cole again coached the girls' basketball team and did splendidly. Great interest was shown in interclass basketball; a boys' interclass tournament was run off as well as a girls' interclass tournament. This afforded many more boys and girls an opportunity to play.

In the Spring, Millis High was represented by a strong baseball team. Four games were won, four were lost and one was tied. Norman Nathanson and George Duhamel, the youthful battery, almost beat the strong, undefeated Medway High team in the final game of the season. Medway in the final innings just squeezed out a 12 to 9 victory. Aram Karoghlanian and Leslie Jillson played fine baseball and their loss by graduation will be felt.

The boys and girls who participated in athletics now realize, by visiting other schools, how fortunate they are in having such a beautiful new building, auditorium-gymnasium, showerbaths, and locker rooms.

I wish to thank Mr. Brown and the members of the School Committee for their sincere cooperation. I also wish to thank the townspeople who in many ways have helped us with our athletics.

The following boys participated in football:

Capt., P. Gavin	G. King	T. Clewes	J. Payson
Manager	G. Duhamel	J. Harcovitz	G. Sarris
L. Lindahl	F. Ellis	N. Nathanson	H. Storey
S. Black	E. Gavin	G. McLaughlin	G. Clark
B. Veiner	R. Haynes	H. McCarthy	G. DeAngelis
W. Bonney	J. H. Clancy	A. Tamulevitz	S. Mann
S. Lewandowski	F. Walker	M. Horowitz	B. Sobol
L. Arber			
F. Holt			

The following took part in boys' basketball:

Capt. A. Duhamel	S. Black	P. Gavin	G. Clark
A. Karoghlanian	G. DeAngelis	G. Duhamel	G. King
T. Howie	S. Lewandowski	N. Nathanson	G. Sarris
A. Sidman	T. Clewes	H. Storey	E. Caldwell

The following took part in girls basketball.

Capt. H. Braun	M. Immler	P. Fandeln	P. M. ...

REPORT OF THE SCHOOL PHYSICIAN

To the Superintendent of Schools of ...

Dear Sir:

The health and physique of the school population have in the whole been good. ... of the teeth and ... at ... usual been the outstanding ones as far as numbers are concerned.

This fall a dental clinic has been started and will continue to a great deal of good. All children in the ... were examined by the dentist and ... made of all ... in teeth and the opportunity offered for the correction of these defects.

In the lower grades I found three children who would be benefited by wearing glasses.

During the fall term there was an epidemic of ... which is the most contagious disease we have to deal with.

In the high school fifty boys and fifty-two girls were examined. Their weights and general development were good. One student had very poor teeth and three were found with ... need attention within a short time. One student complained of frequent attacks of ... but no obvious cause could be found.

In connection with athletics there were few injuries sustained and the greater part of these were of minor nature. It should be apparent to everyone that there is less danger of injury in organized play under trained supervision than in the unorganized and undisciplined playing of games.

Respectfully submitted,

FRANK J. HIPER, School Physician.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools of Millis.

The major objective of the school health nursing program is to develop and maintain a health service which includes the child in relation to his adjustment in his home, school and community. To attain this objective my yearly program has been:

- A. Conferences with children referred by the class room teachers for the following reasons:
 1. inspection of suspected symptoms of disease
 2. need for minor treatment
 3. need for health advice
- B. Conferences with teachers and parents. Home visiting is very important, for the nurse through her contact gets a better understanding of the homes and the general factors which influence the health of the children and their adjustment in school.
- C. Assisting the school physician during his annual physical examination of each child. A health record of each child is available. This information is compiled by grades and is useful for the health of each pupil.
- D. Special or other health projects carried on in school in which the school nurse is interested:
 1. Immunization against diphtheria. Twenty-five children were given toxin-anti-toxin at the pre-school clinic which was held in May. Parents are realizing that communicable disease control is in the interest of their own children as well as all other children.
 2. The pre-school clinic, which was held in May for the physical examination of the children who enter school in September, showed the following results:

Children examined	28
Diseased tonsils	2
Decayed teeth	4
Heart defect	1
Congenital malformation	1
Undernourished	3
 3. A vision and hearing test was given every pupil
 4. Dental clinic

The Dental Clinic has been established by the aid of the Red Cross and will continue as long as we are financially able.

Dr. Tobin, a children's dentist, is in charge of the dental work. It is our aim to complete the dental work in the first year of school. Our objective in the dental work is to prevent all dental disease and the clinic is opened for those who want to take advantage of it. Because of the fact that few children escape the ravages of dental disease, and that badly decayed teeth are a disgrace, it is desirable that those things be taken that will prevent the child from desiring to eliminate existing troubles and prevent future ones.

We hope pupils and parents can be made to realize the fact that proper nutrition, good diet, tooth elimination, sunbathing, exercise and fresh air, all result in good dental health and regular visits to the dentist will promote the health of the child and its part. We also teach that mouth hygiene is a part of the brushing of teeth and visit to the dentist. What a wonderful opportunity the school for children has for this teaching.

4 clinics have been held
 44 patients attended
 44 fillings
 16 extractions
 11 cleanings

The dental examination made by the dental clinic is dental work among our school children:

250 pupils examined
 58 temporary teeth showed decay
 4 permanent teeth showed decay
 12 pupils with no dental defects

Through the Christmas Seal fund of 1931 was sent to summer camp for eight weeks and eight children had their diseased tonsils removed.

I want to thank the parents and teachers for their cooperation this past year.

Respectfully submitted

MARIHAF FLORES, R.N., School Nurse

The Age-grade table tells much about the progress of the pupils. The vertical column at the right shows the number of boys and girls in each grade; the horizontal row at the bottom, the number at each age. Since each child is expected to enter school at 5½ to 6½ years, he should be included among the bold-faced numbers under 5 or 6; those who have advanced one grade yearly will be found among the successive bold-faced numbers which run diagonally from the upper left to the lower right corner of the Table. If one boy of Grade I has repeated the grade (see Table above) he will be found one space to the right of his expected place—one year older than he should be and one year behind his former mates in the space below him. Thus one is behind grade as many years as he is spaces above the heavy type; he is over age as many years as spaces to the right. Similarly, one girl of Grade V is one year under age or one year ahead of grade.

PERFECT ATTENDANCE RECORD

Millis Schools

The pupils named have been neither absent nor tardy during the period indicated. Roman numerals show pupil's grade in 1931-1932.
